AUTHORIZING TELECONFERENCING FOR MEETINGS PURSUANT TO AB 361

BACKGROUND

On March 4, 2020, Governor Gavin Newsom declared a State of Emergency to enable state and local agencies to more effectively respond to the threat of COVID-19. ON March 17, 2020, Governor Newsom issued Executive Order N-29-20 suspending certain provisions of the Brown Act pertaining to teleconferenced meetings. On June 11, 2021, Governor Newsom issued Executive Order N-08-21, which extended the provisions of Executive Order N-29-20's authorization for holding virtual meetings, with an expiration date of September 30, 2021. On September 16, 2021, Governor Newsom signed AB 361 (Rivas) as urgency legislation effective immediately, which provides that legislative bodies may continue to meet remotely during a declared State of Emergency subject to certain conditions.

STATUS

In an effort to safeguard the health of our students, employees, and community members and to provide greater access to the Coastal North County Adult Education Consortium (CNCAEC) general meetings, the board is presented with a resolution authorizing teleconferencing for meetings, declaring emergency conditions exist throughout the district campuses and facilities as a result of the continued State of Emergency under Government Code section 54943. The board has been provided regular updates on this matter.

Coastal North County Adult Education Consortium (CNCAEC)

TELECONFERENCING REQUIREMENTS DURING A PROCLAIMED STATE OF EMERGENCY

WHEREAS, the Ralph M. Brown Act requires that all meetings of a legislative body of a local agency be open and public and that any person may attend and participate in such meetings;

WHEREAS, the Brown Act allows for legislative bodies to hold meetings by teleconference but imposes specific requirements for doing so;

WHEREAS, on March 17, 2020, in order to address the need for public meetings during the present public health emergency, Governor Newsom issued Executive Order No. N-29-20, suspending the Act's teleconferencing requirements; and

WHEREAS, on June 11, 2021, Governor Newsom issued Executive Order No. N-8-21, continuing the suspension of the Brown Act's teleconferencing requirements through September 30, 2021; and

WHEREAS, these Executive Orders allowed legislative bodies to meet virtually as long as certain notice and accessibility requirements were met; and

WHEREAS, the State Legislature amended the Brown Act through Assembly Bill No. 361 (AB361) on September 16, 2021; and

WHEREAS, AB 361 amended the Brown Act so that a local agency may use teleconferencing without complying with the regular teleconferencing requirements of the Act, where the legislative body holds a meeting during a proclaimed state of emergency and makes certain findings; and

WHEREAS, Government Code section 54953 requires that the legislative body make additional findings every 30 days in order to continue such teleconferencing.

NOW, THEREFORE, the legislative body of the CNCAEC hereby finds, determines, declares, orders, and resolves as follows:

1. That the foregoing recitals are true and correct and incorporates them by this reference.
2. The CNCAEC Board finds, by a majority vote, the following:
 - a. That there exists a proclaimed state of emergency; AND either:
 - b. The Board is meeting for the purpose of determining one of the following, or more than 30 days have passed since the Board met and determined one of the following, and the Board now re-determines one of the following:

Coastal North County Adult Education Consortium (CNCAEC)

i. As a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

ii. State or local officials have imposed or recommended measures to promote social distancing; OR

OR

c. This Board has made the determination set forth in subdivision (b), above within the last 30 days and now makes the following determination:

i. The Board has reconsidered the circumstances of the state of emergency; AND

ii. Any of the following circumstances exist:

1. The state of emergency continues to directly impact the ability of the members to meet safely in person.

2. State or local officials continue to impose or recommend measures to promote social distancing.

General Meeting
Monday, August 2, 2021– 12:00 p.m.

OVERVIEW

The California Adult Education Program (CAEP) three-year planning process is designed to provide consortia and consortium members a chance to (1) collectively assess the impact of services provided over the previous period, (2) identify educational and workforce needs among adult education beneficiaries and providers in the region, and (3) define strategies and activities to meet these needs over the coming three years. The planning process presents an opportunity to evaluate the current status of adult education and workforce services, which can promote stronger collaboration among agencies and deeper connections to students and communities.

This document provides guidance and establishes procedures to complete and submit a CAEP adult education consortium's required three-year regional plan using the California Community College Chancellor's Office (CCCCO) NOVA online platform. Sections of this document correspond to sections of the three-year plan as it appears in NOVA and describe the content that must be included in the consortium's response per California Education Code. This document provides relevant definitions, resources, upcoming training, and guiding questions to inform completion of each section.

The CAEP three-year plan does not stand alone. It should reference other regional and member agency plans, and it will be reflected in the later development of the consortium annual plan and member work plans and budgets. Rather than duplicate planning efforts, consortia are encouraged to explicitly reference existing plans, such as the WIOA Title II Continuous Improvement Plan (CIP), WIOA Title I Local and Regional Plans, Perkins Local Applications, Strong Workforce Program (SWP) Regional Plans, and others.

THREE-YEAR PLANNING PROCESS

The CAEP three-year planning process is meant to be inclusive and collaborative among entities that provide education and workforce services for adults in a region. Definitions are provided in California Education Code of an adult education region (§84903) and an adult education consortium, its members, and other entities that provide education and workforce services for adults (§84905). To develop the three-year plan, adult education consortium members will contribute data, consider input from other entities, determine the implications of this data and input for future adult education programs and services, and chart a path forward. The plan will then serve as a guide for the consortium and its members over the three-year period. *In fact, although the plan is a requirement of all recipients of CAEP funding, the primary intended audience of the plan is the consortium members themselves.*

The three-year plan is organized around five elements of effective planning:

Section	Instructions
Section 2: Assessment	Gather data needed to describe existing adult education services, barriers, and needs; then evaluate both the needs for and the current

	levels and types of education and workforce services in the region to identify gaps in current services
Section 3: Metrics	Identify barriers and metrics to be addressed by the consortium and specific targets to be reached
Section 4: Objectives	Define the consortium's strategies to address the barriers and metrics
Section 5: Activities & Outcomes	Define the consortium's activities and their intended outcomes related to these strategies
Section 6: Funds Evaluation	Describe how the consortium's available funds will be leveraged to impact the barriers and metrics identified in the plan

With the targets, strategies, activities, and intended outcomes defined in the three-year plan, the consortium will be prepared to report on progress using CASAS TOPSPro Enterprise and Chancellor's Office Management Information System (COMIS): Datamart, and to use the Adult Education Pipeline Dashboard (LaunchBoard) to continuously evaluate progress and revisit strategies and activities as needed to achieve targets. The three-year plan's consortium-level and member-level goals and targets will be referenced in the later development of annual plans and member work plans and budgets. For a graphic of the three-year planning and reporting cycle, please [visit this link](#).

If you have any questions regarding this information or the process of three-year plan, annual plan, work plan or budget development, please contact the CAEP Technical Assistance Project (TAP) at tap@caladulthood.org.

SUBMISSION FORMAT AND TIMELINE

The three-year plan will be submitted using the NOVA online system. The 2022-2025 Three-Year Plan area of NOVA will become available to a consortium when its 2022-23 allocations have been posted, by February 28, 2022. To request an account or login credentials for the system, please visit the [NOVA login page](#).

A template has been provided for consortia to use in organizing their three-year plan content prior to submission in NOVA. [\[link to template\]](#)

Final plans must be submitted and approved by member representatives in NOVA no later than **June 20, 2022**. Following approval, consortia will update their three-year plans through the annual plan process in NOVA.

For information about upcoming webinars on preparing and submitting the three-year plan, please visit the [CAEP TAP events page](#) and look out for announcements in the CAEP Newsletter and in direct emails to consortium directors and co-leads.

OBJECTIVES AND PROGRAM AREAS

CAEP allocates funds to regional consortia composed of K-12 adult schools, community college districts, county offices of education, and other regional providers of adult education programs and services. Regional collaboration provides capacity for the K-12 and community college adult education programs to find common ground and cross historical geographic and cultural boundaries to provide adult learners more robust education and training opportunities, and to expand and improve the quality and reach of adult education as evinced, ultimately, by (A) improved literacy skills, (B) immigrant integration, (C) completion of high school diplomas or their recognized equivalents, (D) completion of postsecondary certificates, degrees, or training programs, (E) placement into jobs, and (F) improved wages. Plans should consider the full range of services required to achieve these outcomes. Proposed strategies and activities should leverage shared resources and promising practices to hasten student progress toward their academic and professional goals, and to promote seamless transitions across educational segments and into the workforce.

Based on their assessment of regional need, consortia may develop programs in any of the following allowable areas:

1. Programs in elementary and secondary skills, including those leading to a high school diploma or high school equivalency certificate.
2. Programs for immigrants in citizenship, ESL, and workforce preparation.
3. Programs for adults, including, but not limited to, older adults, that are primarily related to entry or reentry into the workforce.
4. Programs for adults, including, but not limited to, older adults, that are primarily designed to develop knowledge and skills to assist elementary and secondary school children to succeed academically in school.
5. Programs for adults with disabilities.
6. Programs in career technical education that are short term in nature with high employment potential.
7. Programs offering pre-apprenticeship training conducted in coordination with one or more apprenticeship programs approved by the Division of Apprenticeship Standards.

DEVELOPING YOUR THREE-YEAR PLAN CONTENT

This section of the three-year plan guidance provides a step-by-step guide to developing content for the three-year plan. Use this guide to complete the three-year plan template, which will then be used to enter the final plan content into NOVA.

For general planning resources, click [here](#).

Section 1: Consortium Details

In this section, information about the consortium, its primary and fiscal contacts, and CAEP funds received is auto-populated.

Provide an Executive Summary of the three-year plan (up to 5000 characters). In the Executive Summary, please include:

- Summary of consortium members and participants in three-year planning
- Brief description of needs identified in the Assessment (Section 2)
- Brief description of Metrics selected and included in the three-year plan (Section 3)
- Brief description of Objectives, Activities, and Outcomes included in the plan (Sections 4 and 5)

Brief summary of the Funds Evaluation included in the plan (Section 6)

At the end of this section, attest to several Assurances.

Section 2: Assessment

Gather data needed to describe existing adult education services, barriers, and needs. Evaluate both the needs for and the current levels and types of education and workforce services in the region, to identify gaps in current services.

For definitions and resources related to Section 2: Assessment, click [here](#)

Overview and Preparation (up to 5000 characters)

Provide a narrative description of the Assessment that was conducted by the consortium. The description should include:

- The consortium's overall approach to assessment
- The process that was undertaken to assess educational needs, regional alignment, and current levels and types of education and workforce services
- The data sources that were referenced and that contributed to the consortium's understanding of needs, alignment, and current levels and types of services

Regional Alignment and Priorities (up to 5000 characters)

Provide a description of the alignment of adult education and workforce services supported by CAEP with those described in other education and workforce plans guiding services in the region, including plans pertaining to the building of career pathways and the employment of workforce sector strategies and those required pursuant to WIOA. The description should include:

- Names of relevant education and workforce plans guiding services in the region, and the consortium members or other entities that participated in developing these plans
- Summary of the adult education and workforce services described in each of these plans
- How adult education and workforce services supported by CAEP are currently aligned with priorities and services described in each of these plans

- Identified gaps in alignment of adult education and workforce services across CAEP and these other plans.

Note that the regions referenced in the relevant plans may be defined by boundaries different from but overlapping with the consortium’s adult education region.

Evaluate the Educational Needs of Adults in the Region (up to 5000 characters)

Describe and evaluate the educational needs of adults in the region. To *describe* the educational needs, conduct a review of data on the region’s adult population. (Guiding questions and resources are provided below to assist with this review; they need not be responded to specifically in your response.) To *evaluate* the educational needs, critically review this data to determine its significance for the consortium’s adult education services. The description and evaluation should include:

- Summary of key data points identified by the consortium to be indicators of educational needs
- Implications of these key data points and educational needs for the consortium’s prioritization of adult education services and dedication of resources.

Contributions by Entities (up to 2500 characters)

Describe the ways in which each consortium member or partner contributed to the development of the three-year plan. Per California Education Code §84905(d)(1)(E), the consortium should have considered input provided by pupils, teachers employed by local educational agencies, community college faculty, principals, administrators, classified staff, and the local bargaining units of the school districts and community college districts. The description should include:

- List of all consortium members and partners who contributed
- Brief description of the ways each member or partner contributed (eg., participated in planning meetings, provided data, designed proposed activities, proposed staff collaboration in activities)

Regional Service Providers: Participants by Program Area

Review auto-populated information about CAEP-funded adult education providers in the region and the number of Participants served in each program area in which the provider offers instruction.

Click on “+Add Service Provider” to add the names of any non-CAEP-funded adult education providers in the region. Check the box corresponding to each of the program areas in which the non-CAEP-funded provider offers instruction.

Evaluate the Current Levels and Types of Education and Workforce Services for Adults in the Region (up to 2500 characters)

Describe and evaluate existing education and workforce services for adults among consortium members. To *describe* the levels and types of services, conduct a review of data on the consortium’s education and workforce services. To *evaluate* the levels and types of service, critically review this data to determine whether it is sufficient to address the educational needs in the region, or where there are gaps in current services. Your evaluation should take into consideration recent events that may have affected the consortium’s ability to address educational needs or otherwise widened these gaps. (For example, the COVID-19 pandemic resulted in lay-offs in the retail and hospitality sectors that may have increased the needs for adult education.) The description and evaluation should include:

- The levels of education and workforce services currently offered by the consortium

- The types of education and workforce services currently offered by the consortium
- An evaluation of whether the existing levels and types of services address the educational needs identified in Section 2: Assessment, or where there are gaps.

Section 3: Metrics

For definitions and resources related to Section 3: Metrics, click [here](#)

CAEP Barriers and Metrics

Select from drop-down menus *up to ten* CAEP Student Barriers and Metrics that are relevant for the consortium. These barriers and metrics will be used to track progress and outcomes related to the strategies and activities defined in this three-year plan, at the consortium and/or member level, as appropriate.

Of the four student barriers listed (English Language Learner, Low Literacy, Low Income, Long Term Unemployed), select at least one. Additional barriers may be selected.

Of the metrics that are listed, two are required to be tracked by all consortia: percentage of available funds spent, and number of adults served who became participants. Additional metrics may be selected.

For each of the metrics selected in this section, define targets in the section below, which will in turn inform the definition of strategies, activities, and intended outcomes in the sections that follow. Over the coming three years, the consortium will track these outcomes using TE or COMIS.

Consortium Level Metric Targets

The Number of Adults Served by the consortium in 2019-20, 2020-21, and 2021-22 is imported from the LaunchBoard Adult Education Pipeline and appears in the first row of the table. This is a required metric. Add 2022-23, 2023-24, and 2024-25 Targets for the Number of Adults Served.

In the subsequent rows of the table in this section, the consortium's 2019-20, 2020-21, and 2021-22 Actuals are populated for each of the Barriers and Metrics that were selected above. Add 2022-23, 2023-24, and 2024-25 Targets for each of these Barriers and Metrics. Enter each of these Targets as a percentage of the total Number of Adults Served for each year.

There are no standard expectations regarding consortium targets. Define targets that are specific to the consortium, with reference to consortium baselines, the educational needs identified in the assessment, and statewide averages, as appropriate. Targets should reflect the strategies and activities proposed in the plan that are intended to impact the selected metric or barrier. Targets will be used to review the consortium's annual progress and to inform adjustments to programs and services.

Member Districts Level Metric Targets

The table in this section includes information about each of the member districts in your consortium, by member district.

The Percent of Available Funds Spent in 2017-18, 2018-19, and 2019-20, imported from NOVA, is in the first row. This is a required metric. Add 2020-21, 2021-22, and 2022-23 Targets for each member district's Percent of Available Funds Spent.

The number of Adults Served Who Became Participants in 2017-18, 2018-19, and 2019-20, imported from the LaunchBoard Adult Education Pipeline, is in the second row. This is a required metric. Add 2020-21, 2021-22, and 2022-23 Targets for each member district's number of Adults Served Who Become Participants.

Actuals for 2017-18, 2018-19, and 2019-20, populated for each of the optional Metrics selected above and imported from the LaunchBoard Adult Education Pipeline, are found in subsequent rows. Add 2020-21, 2021-22, and 2022-23 Targets for each of these Metrics, for each member district. Enter each of these Targets either as a total number of participants or as a percentage of the total Adults Served Who Become Participants for each year.

There are no standard expectations regarding member district level targets. Each member should define targets that are specific to the agency or district, with reference to agency, district, and consortium baselines, the educational needs identified in the assessment, and statewide averages, as appropriate. The targets will be used to review members' annual progress and to inform adjustments to programs and services.

NOTE: Members that receive CAEP funds that offer counseling and other student services but not instruction should identify targets related to their activities' impact on student persistence, progress, and success.

Section 4. Objectives

Describe strategies that the members of the consortium and others impacted by or interested in the provision of education and workforce services to adults in the region will take to:

1. Address Educational Needs
2. Improve Integration of Services and Transitions
3. Improve Effectiveness of Services

For each of the three Objectives, the description should include:

- Strategies that will be used to achieve this Objective
- Educational needs, barriers, and gaps in current education and workforce services that will be addressed by strategies under this Objective

For definitions and resources related to Section 4: Objectives, click [here](#)

Objective 1: Address Educational Needs (up to 2500 characters)

Describe strategies the plan will support to address the educational needs identified in Section 2: Assessment.

For example, educational needs addressed under Objective 1 could include but are not limited to: under-enrollment of priority adult populations, inadequate CTE offerings to address employer hiring demand, adult education offerings not aligned with levels of need, insufficient counseling support for student goal-setting, etc...

Strategies to address educational needs could include, for example, but are not limited to: an outreach and enrollment campaign, expansion of intermediate/high level ESL classes, new CTE programs to address needs of regional healthcare employers, expansion of counseling for new students, etc...

Objective 2: Improve Integration of Services and Transitions (up to 2500 characters)

Describe strategies to improve (1) integration of services and (2) transitions into postsecondary education and the workforce.

Consortia may choose to use — but are not limited to — strategies to improve integration of services that are named in [California Education Code 84906](#), which include:

- Recruitment and placement of individuals into adult education programs
- Alignment of academic standards and curriculum across entities
- Qualifications of instructors, including common standards across entities
- Collection and availability of data across entities

The [WIOA II Program Implementation Survey](#) names several strategies that may be used by agencies and consortia to address needs related to integration of services, such as co-located classes and bridge programs; and to address needs related to transition, such as transition specialist/navigator guidance, industry partnerships, field trips and guest speakers, and apprenticeships.

Objective 3: Improve Effectiveness of Services (up to 2500 characters)

Describe strategies to improve the effectiveness of the consortium and its services.

For example, strategies to improve consortium and member effectiveness may include but are not limited to: improving data collection and use to inform change, providing or accessing professional development, using and responding to the Self-Assessment tool, conducting planning, refining consortium operations, facilitating continuous improvement, etc....

Also, the [WIOA II Program Implementation Survey](#) names several strategies that may be used by agencies and consortia to address needs related to consortium and member effectiveness, such as shifting staffing, growing online classes, redistributing resources, refining data collection practices, and providing targeted professional development for administrators and instructors.

Section 5: Activities & Outcomes

Create a plan to implement the strategies named in Section 4 by defining activities and intended short-term, intermediate, and long-term outcomes. Activities may be proposed at the consortium or the individual district or agency level. Definition of long-term outcomes beyond three years is optional, as this is outside of the scope of the three-year plan but may be helpful for consortium planning.

The activities and outcomes described in Section 5 are essentially the elements of a *logic model* for the consortium's work over the coming three years, although they will not be entered in

NOVA in a traditional logic model format. Several resources related to logic model development are provided at the “definitions and resources” link below. A logic model can provide your consortium with a guide to the process you intend to undertake and the results you hope to see during the three-year period.

Consortium annual plans and member work plans, and budgets will reference the activities and outcomes proposed in the three-year plan. Activities and outcomes may be adjusted in future annual plans.

Consortia and member districts are encouraged to consider ways in which use of CAEP, OTAN, CalPRO, CASAS, WestEd and other professional development and technical assistance resources (eg., training, institutes, peer mentoring, conferences, self-paced modules, instructional materials, statewide and regional network meetings, online resources) may be used to carry out proposed strategies and activities and achieve outcomes. To access upcoming and past training and professional development, visit the [California Adult Education Professional Development website](#).

For definitions and resources related to Section 5: Activities & Outcomes, click [here](#)

Activity Name, and Objective that Applies to this Activity

Use the “+ New Activity” button at the bottom of the page to add each Activity proposed by the consortium to address the three Objectives in Section 4: Objectives. For each Activity, I provide:

- Activity Name
- Objective that Applies to this Activity (dropdown selection)

Brief Description of Activity and Significance of Activity to Outcome (up to 5000 characters)

For each Activity, provide a Brief Description of Activity and Significance of Activity to Outcome. The description should include:

- The activity that will be carried out
- What agencies or individuals will carry out the activity
- Key deliverables
- How the activity will contribute to achieving short-term, intermediate, and long-term outcomes
- How the activity will contribute to achieving one or more of the three CAEP objectives
- How the activity will contribute to addressing and achieving targets related to the selected Student Barriers and adult education Metrics

Short-Term, Intermediate, and Long-term Outcomes (each up to 500 characters)

Identify the Outcomes that the activity will accomplish in the next year (Short-Term), in one to three years (Intermediate), and in three to five years (Long-Term). The brief description of each of these three types of outcomes should include one or more outcomes that are specific, measurable, achievable, relevant, and time-bound (SMART). Definition of long-term outcomes beyond three years is optional, as this is outside of the scope of the three-year plan but may be helpful for consortium planning.

Adult Education Metrics and Student Barriers

Select from a drop-down menu one or more Adult Education Metrics and Student Barriers that align with the proposed activity. The drop-down menu will include all Adult Education Metrics and Student Barriers that you selected in Section 3: Metrics.

Responsible Position(s), and Proposed Completion Date

Provide the name(s) of the position(s) holding primary responsibility for the activity's implementation and oversight. Use the "+Add Responsible Position" button to add as many positions as needed. Provide the job title of the position(s) holding primary responsibility for the activity's implementation and oversight.

Indicate the proposed completion date for the activity. This may include any date within the three-year plan term.

Section 6: Funds Evaluation (up to 2500 characters)

Evaluate the funds reported for 19-20 by each consortium member as part of the Program Area Reporting exercise in NOVA.

Auto-populated information about each member agency's Prior Year Total Leveraged Funds and Program Reporting Status is provided. Program Area Reports are included as hyperlinks.

To *evaluate* the funds available, critically review this data on prior year leveraged funds to anticipate and assess how well the available funds will address the educational needs of adults in the region over the coming three years. The evaluation should include:

- Overview of how the adult education funds referenced in the NOVA Program Area Reporting will be allocated over the coming three years (including remaining carryover funds from prior years)
- Other resources not reported into NOVA that will be available to consortium members and partners to carry out the collaborative activities described in this three-year plan
- How CAEP and other funds will be leveraged to implement the strategies and activities and achieve the outcomes described in this three-year plan

Section 7: Preview & Submit

Review the content of each prior section. To edit any of the content, click on the section name in the workforce table to be taken to an editable version of that section. When satisfied with all the content in the three-year plan, click Submit to submit the plan for review by consortium members and for completeness by CAEP TAP. Once the plan is submitted, member representatives will be notified via email to review and approve the plan.

APPENDIX A: Adult Education Pipeline Resources

The Adult Education Pipeline Dashboard

The Adult Education Pipeline Dashboard displays California adult education data by bringing together K12 adult education data recorded in CASAS TOPSpro Enterprise with noncredit community college data. The data on this dashboard will populate the three-year plan on the NOVA platform.

- Access the dashboard here (no login needed):
<https://www.calpassplus.org/LaunchBoard/Adult-Education-Pipeline.aspx>

Using the Adult Education Pipeline for 3 Year Planning

- ***Understanding and Using the Adult Education Pipeline Dashboard for Continuous Improvement*** ([Slides](#) and [Recording](#)) provides a general overview and walkthrough of the dashboard. **Use this resource** to get a quick overview of the dashboard and ways to access and understand data needed for 3-Year planning.
- ***Three Year Planning Using the Adult Education Pipeline Dashboard*** ([Slides](#) and [Recording](#)) provides an overview of the Goal Setting and Target metrics as they relate to the dashboard, key definitions, data tips, and consortia examples of using the dashboard for needs assessment and planning. **Use this resource** to get acquainted with the key metrics for 3-year planning and to get concrete examples of how consortia have used the dashboard to inform planning and decision making.
- ***Adult Education Pipeline Metrics for 3-Year Planning Cheat Sheet*** offers an at-a-glance guide to the Goal Setting and Target metrics on Nova. **Use this resource** to quickly identify the Goal Setting and Target metrics on Nova and where this can be found on the dashboard.
- ***CAEP Fact Sheets (coming soon on the CAEP website)*** is an interactive dashboard that provides consortium-level information on local demographics, labor market information, and related Adult Education Pipeline dashboard data in a unified platform. **Use this resource** to access and compare key data to inform assessment, identify opportunities based on populations in need, and understand economic and pathways opportunities that work for the local context.
- ***CAEP Fact Sheets Guide (coming soon on the CAEP website)*** offers an orientation to and tips for using the CAEP Fact Sheets for three-year planning. **Use this resource** to dig into the CAEP Fact Sheets to access up-to-date consortium-level data and learn how to ask good questions that will help consortium members identify goals and targets, such as how to identify underserved populations or those most in need of adult education services, which services might be most needed, and are there target industries that offer potential for career pathways or CTE programming that offer learners access to living wage jobs.

- ***Using CAEP Fact Sheets to Identify Needs and Opportunities for Three-Year Planning Webinar (coming soon)*** introduces the Fact Sheets, accompanying resources, and available training as well as overview the CAEP Fact Sheets and primary uses for 3-year planning. **Use this resource** to gain a basic understanding of the CAEP Fact Sheets, accompanying resources, and how to use them for three-year planning and assessment.
- ***Opportunity Maps (coming soon on the CAEP website)*** highlight and demonstrate pathways from Adult Education to college and living wage employment. Opportunity Maps incorporate the underlying workforce skills taught for the most common Guided Pathways meta majors for every region of the state and draw clear connections between common adult education pathways and Guided Pathways. **Use this resource** to identify the role of adult education in supporting transitions to college, academic and occupational skills, transition and pathways that could be highlighted in programming planning, and target populations that can profit from these trajectories and opportunities.
- ***Opportunity Maps Guide (coming soon on the CAEP website)*** offers an orientation to and tips for using the Opportunity Maps for three-year planning. The Guide highlights the important role of adult education as a gateway to college and to living wage jobs and how to build bridges, services and partnerships that support transitions to college. **Use this resource** to identify pathways and strategies to support transitions to college, especially for groups like opportunity youth; integrate adult education with Guided Pathways; and identify opportunities to build regional sector partnerships and pathway systems that accelerate progression from adult education to college.
- ***Using Opportunity Maps to Inform 3-Year Planning Webinar (coming soon)*** introduces the Opportunity Maps, accompanying resources, and available training, as well as an overview of how to use the Opportunity Maps for three-year planning. **Use this resource** to gain a basic understanding of the Opportunity Maps, accompanying resources, training, and how to use them for three-year planning and assessment.
- ***[California Regional Education to Workforce Dashboard](#)*** is an interactive tool that identifies how regional educational offerings align with local labor market information. It provides information on adult education and credit programs and regional occupational openings, filtered by self-sufficiency wage standards and Centers of Excellence skill levels. **Use this resource** to identify opportunities to support local pathway development, viable occupations for adult learners, how to better track pathway data for CAEP students
- ***[California Regional Education to Workforce Dashboard User Guide](#)*** introduces the dashboard, providing background information and tips on navigating the dashboard and using this information to explore programming opportunities aligned to a region's needs. **Use this resource** to inform the three-year planning needs assessment by exploring alignment between local educational institutions, alignment between educational offerings and viable local occupations, skills needed by adult learners to access and achieve an occupational certificate that leads to local jobs, and opportunities to support local pathway development and collaboration.
- ***Education to Workforce Pathways: Smoothing the Route and Finding a Relevant Destination Webinar*** ([Slides](#) scroll to 3/10/21 webinar and [Recording](#)) provides a general

overview and walkthrough of the dashboard and addresses key elements and principles for career pathways planning. **Use this resource** to get a quick overview of the dashboard so that you can access and understand data needed for three-year planning and to prompt conversations about pathway planning that will support learners to access and be successful in integrated education and training opportunities.

- ***One-on-One Training and Professional Development Opportunities:*** Request a training that can be tailored to local regional, consortium, or institutional context and needs.
- ***Adult Education Pipeline FAQ*** provides answers to commonly asked questions about the dashboard.

Overview:

The California Adult Education Program (CAEP) three-year planning process is designed to provide consortia and consortium members a chance to (1) collectively assess the impact of services provided over the previous period, (2) identify educational and workforce needs among adult education beneficiaries and providers in the region, and (3) define strategies and activities to meet these needs over the coming three years.

This document is the companion to the CAEP Three-Year Plan 2022-2025 Guidance. This template provides a high-level overview of the information to be included in each section of the three-year plan, as well as fillable text boxes that mirror the template in NOVA. CAEP consortia can use this document to outline the information that will be entered into NOVA. The **official** three-year plan will be completed and approved by all consortium members in NOVA. Certain sections in NOVA allow for adding additional tables and content; however, since this template is for outlining purposes only, there is only one table type included for each section.

Section 1: Consortium Details

In this section, information about the consortium, its primary and fiscal contacts, and CAEP funds received is auto populated in NOVA. Provide an Executive Summary (up to 5000 characters), briefly describing needs, three-year plan metrics, objectives, activities, and outcomes, and a summary of the funds evaluation. Additionally, at the end of this section, attest to several Assurances.

Section 2: Assessment

Gather data needed to describe existing adult education services, barriers, and needs. Evaluate both the needs for and the current levels and types of education and workforce services in the region, to identify gaps in current services.

Overview and Preparation (up to 5000 characters)

Provide a narrative description of the consortium's overall Assessment approach, process, and data sources.

Regional Alignment and Priorities (up to 5000 characters)

Provide a description of the alignment of adult education and workforce services supported by CAEP with those described in other education and workforce plans guiding services in the region, including plans pertaining to the building of career pathways and the employment of workforce sector strategies and those required pursuant to WIOA.

Evaluate the Educational Needs of the Adults in the Region (up to 5000 characters)

Describe and evaluate the educational needs of adults in the region. To describe the educational needs, conduct a review of data on the region's adult population. To evaluate the educational needs, critically review this data to determine its significance for the consortium's adult education services.

Contributions by Entities (up to 2500 characters)

List all consortium members who contributed to the three-year plan process and briefly describe the ways in which each consortium member or partner contributed. Per California Education Code §84905(d)(1)(E), the consortium should have considered input provided by pupils, teachers employed by local educational agencies, community college faculty, principals, administrators, classified staff, and the local bargaining units of the school districts and community college districts.

Regional Service Providers

NOVA will auto-populate this section with CAEP-funded adult education providers and the number of participants served in each program area. NOVA provides the option to add additional non-CAEP-funded adult education providers by clicking on the “+Add Service Provider” button and entering the appropriate information.

Provider Name	Provider Type	#of Participants in Program Area							
		ABE	ASE	ESL	CTE	AWD	WR	PA	ACS

Evaluate the Current Levels and Types of Education and Workforce Services for Adults in the Region (up to 2500 characters)

Conduct a review of data on the region’s education and workforce services, then critically review this data to determine whether it is sufficient to address the educational needs in the region, or where there are gaps in current services.

Section 3: Metrics

CAEP Barriers and Metrics

Select from drop-down menus *up to ten* CAEP Student Barriers and Metrics that are relevant for the consortium. These barriers and metrics will be used to track progress and outcomes related to the strategies and activities defined in this three-year plan, at the consortium and/or member level, as appropriate.

Of the four student barriers listed (English Language Learner, Low Literacy, Low Income, Long Term Unemployed), select at least one. Additional barriers may be selected.

Of the metrics that are listed, two are required to be tracked by all consortia: percentage of available funds spent, and number of adults served who became participants. Additional metrics may be selected.

For each of the metrics selected in this section, define targets in the section below, which will in turn inform the definition of strategies, activities, and intended outcomes in the sections that follow. Over the coming three years, the consortium will track these outcomes using TE or COMIS.

Section 4: Objectives

Describe strategies that the members of the consortium and others impacted by or interested in the provision of education and workforce services to adults in the region will take to (1) address educational needs, (2) improve integration of services and transitions, and (3) improve effectiveness of services.

Address Educational Needs (up to 2500 characters)

Describe strategies that the members of the consortium will use to address the educational needs.

Improve Integration of Services & Transitions (up to 2500 characters)

Describe strategies the members of the consortium will use to improve integration of services and to improve transitions into postsecondary education and the workforce.

Effectiveness of Services (up to 2500 characters)

Describe strategies the members of the consortium will use to improve the effectiveness of their services.

Section 5: Activities & Outcomes

Create a plan to implement the strategies named in Section 4 by defining activities and intended short-term, intermediate, and long-term outcomes. Activities may be proposed at the consortium or the individual district or agency level. Definition of long-term outcomes beyond three years is optional, as this is outside of the scope of the three-year plan but may be helpful for consortium planning.

Use the “+ New Activity” button at the bottom of the page to add each Activity proposed by the consortium to address the three Objectives in Section 4: Objectives. For each Activity, provide:

Activity Name	Objective that Applies to this Activity

Brief Description of Activity and Significance of Activity to Outcome (up to 5000 characters)

For each Activity, describe the activity, agencies or individuals that will carry out the activity, key deliverables, and how this activity contributes to a successful project outcome in the current period.

Short-Term Outcomes (12 Months) (up to 500 characters)

If accomplished, these activities will lead to the following outcomes in the next year.

Intermediate Outcomes (1-3 Years) (up to 500 characters)

If accomplished, these activities will lead to the following outcomes in 1-3 years.

Long-Term Outcomes (3-5 Year) (up to 500 characters)

If accomplished, these activities will lead to the following outcomes in 3-5 years.

Adult Education Metrics and Student Barriers

Select from a drop-down menu one or more Adult Education Metrics and Student Barriers that align with the proposed activity. The drop-down menu will include all Adult Education Metrics and Student Barriers that were selected in Section 3: Metrics.
