## LETTER FROM THE SUPERINTENDENT/PRESIDENT

---

*Congratulations* to the Class of 2022!

You have all traveled different paths to reach this destination, but all of you have at least two things in common—an unyielding commitment to the opportunities that come with an education and the perseverance to overcome the adversities you faced. Your dedication to your education is an important investment in yourself, your family, and our community.

Today's celebration is a recognition not only of your achievements, but also a celebration of new beginnings as you close the latest chapter on your educational journey. Whether you are receiving a certificate, associate's or bachelor's degree, we hope MiraCosta College has helped place you on a firm foundation toward a job, new career, or further degrees.

MiraCosta College has been transforming lives for more than 85 years, growing from what was then known as Oceanside-Carlsbad Junior College with classes taught at the Oceanside High School campus. Today, some 25,000 students are taking courses online and at our four sites—Oceanside, San Elijo, Community Learning Center, and Technology Career Institute.

Thanks to you, MiraCosta College has become a diverse and integral part of our region. More than one-third of local high school graduates attend MiraCosta College and approximately 3,000 active-duty military personnel, veterans, and their families rely on MiraCosta College for educational and counseling services. The District is also proud to have the federal designation of being a Hispanic serving institution. As a vital component of the thriving economy of San Diego County, MiraCosta College contributes by building stronger, more educated communities.

Congratulations again on your accomplishment and my very best wishes for your continued success. Thank you so much for letting us be a foundational part of your educational and career journey.

Sunita V. Cooke, Ph.D.  
*Superintendent/President*

# COMMENCEMENT ADDRESS

**RUBEN GARCIA** saw his life change on November 17, 1995. That was the day he was caught in a drive-by shooting, getting hit by three bullets that left him a paraplegic. Just 17 years old, Ruben had to learn to adjust to a new world from his wheelchair.

Garcia had dropped out of Vista High School and was the father of a young child, with a second one on the way, when the shooting occurred. He and a friend were in the back seat of a car when they were shot by a passing driver.

He spent three months in the hospital and had to learn basic skills so he could become more independent.

"It was hard," said Garcia of his adjustment after the shooting. "I struggled to really find my place in the world after that. There's no roadmap to help you."

In 2013, a neighbor convinced him to try attending MiraCosta College as he dealt with the psychological effects of his situation.

"There were long times when I wouldn't come out of the my room. I was in a bad way," shared Garcia. "When I initially decided to come back to school, it was a way to get out of the house and break that cycle."

As a disabled student, he took two or three classes a semester. He suffered panic attacks when he was around crowds and found refuge in the nurse's office. He also credits the Student Accessibility Services (SAS), formerly DSPS, and Extended Opportunity Program and Services (EOPS) at MiraCosta College for helping him along the way.

"I had a new purpose," Garcia said. "It gave me confidence and the people were very, very helpful."

Now 43, Garcia will be receiving an associate degree in communications and has been accepted at Cal State, San Marcos, where he plans to earn a bachelor's degree in communications.

Among those cheering him on are his two children, Ruben, 25, and Mirella, 26.

His career goal is to work at MiraCosta College or in social work. "I want to be able to help the community around me," says Garcia. "I really would like to give back."

# STUDENT POET

## **ALESİ KAMAKANAOKALANI MEYERS-TUIMAVAVE**

has written poetry her whole life. However, it was hearing the work of Samoan poet Terisa Siagatonu that inspired her to write the poem she will be reading at MiraCosta College's commencement ceremony.

Alesi is a mix of ethnic backgrounds—Samoan, Hawaiian, German, Japanese, Black, and Chinese—and she has been actively involved in the Mana Club, a group for Pacific Islander and Asian-American students. Jade Hidle, Alesi's instructor in her creative writing class, read one of Siagatonu's poems in class.

"I fell in love with her work," Alesi said. "She speaks about Pacific Islander issues, but she also talks about a lot of the stigmas in our own cultures—the racism against Black people and a lot of things that people don't talk about."

After hearing Siagatonu's work, Alesi wrote a poem called *Unity* that she will be reading at commencement.

"My purpose is to get out all the things that make me feel united, like all the different communities and all the different people in my life," she said. "I wanted to pinpoint how I feel when I'm around them. It's to show that we feel really alone sometimes, but we're never truly alone."

Alesi will be graduating from MiraCosta College with an associate degree in English literature and will be attending Cal State, San Marcos in the fall. She aspires to earn a doctorate degree and pursue a career as an English professor specializing in Pacific Island literature. She plans to continue writing poetry and hopes to write books one day.

"I feel like poetry is my safe space," Alesi said. "I'm not good at public speaking, but when I'm writing poetry, I always know exactly what to say and exactly how to put my feelings into words."

Alesi recently got an opportunity to meet Siagatonu during a Zoom conference for her club. Alesi told Siagatonu that her writing had inspired her to create her own poetry. "I made her cry and it made me cry," she said. "It was really cool."

# MEDALS

**Medals of Academic Merit** for academic excellence are awarded each year to those students nominated by the teaching faculty and having a minimum 3.75 GPA in degree-applicable courses. Breadth, depth, and rigor of coursework are considered. Recipients are awarded with a medal that may be worn at commencement. It is the college's highest academic honor.

## PHI THETA KAPPA

**Phi Theta Kappa** is the international honor society for two-year colleges offering associate in arts degree programs. The society bases all programs on its four hallmarks: Scholarship, Leadership, Service, and Fellowship. Standard membership, conferred by invitation only, is available to students who have completed at least 12 units of degree-applicable work and have a GPA of 3.5 or higher. All members are eligible to wear the gold stole and tassel, and optional blue cord worn over the stole.

# JIM GONZALES

## COMMENCEMENT PROGRAM HONOR

### IT IS WITH JOY, APPRECIATION, AND HONOR

that we celebrate the life of James “Jim” A. Gonzales who served the students of MiraCosta College for 27 years.

Jim passed away at his home on March 6, 2022, after a seven-year battle with cancer. Jim was beloved by his wife, Joanne, their two daughters, Elizabeth, and Sophia, and the MiraCosta College community.

During his 27 years at MiraCosta College, Jim mentored thousands of students as the director of Student Life & Leadership and the advisor to the Associated Student Government. For over two decades, Jim led the planning and execution of commencement celebrations for students. Often serving as the opening emcee for the commencement ceremony, Jim embraced the opportunity to celebrate with their family, friends, and peers, the tremendous accomplishments of our students.

A strong desire to give back to his community was instilled in Jim following his time at DeAnza College where he served as the Student Trustee and the Student Government Treasurer. Jim dedicated his life to serving others. He served in the Marine Corps and Navy Reserves for 26 years, he also volunteered in his community and church, and

embraced his role as a mentor for students. He did this by providing students with experiences that elevated their leadership skills: he traveled with students to Sacramento where he taught them how to lobby lawmakers on

*“You never know where you’re going to find a leader. It could be that they are a leader, but just don’t know it yet.”*

—Jim Gonzales

student-centered initiatives and bills, to conferences where student leaders learned how to advocate for their students at their local campus, and coordinated many inspiring student organization retreats. The most important legacy Jim left behind was the establishment of the Emerging Leaders Institute which empowered hundreds of students to embrace and activate their own leadership skills.

Jim’s work with student leaders centered on community, civic engagement, advocacy, and leadership. Jim empowered students to believe in themselves. He dedicated his life to uplifting others, so much so, that even those who never had the opportunity to meet Jim were still impacted by his leadership. Jim’s selfless dedication to investing in student leaders is felt across generations.

Reflecting the genuine care and commitment that Jim Gonzales inspired during his 27 years at MiraCosta College, the Jim Gonzales Emerging Leader scholarship was founded. As a result of the generosity of his family, colleagues, friends, and students, donations to this scholarship surpassed \$15,000 and the scholarship is now officially endowed so his passion of growing leaders can continue.
